Language programs abroad

To educate our discerning customers we selected the best language schools that meet the following criteria:

Long and successful history of the school, the useful accreditations presence;

The course is built on the "total immersion" principle - the whole day is filled with learning and cultural activities designed to practice the language ;

Teachers having experience in teaching people from different countries and business sectors ;

Specialized courses on subjects: accounting, aviation, banking, finance, commerce, education, law, marketing, media, medicine, pharmaceuticals, tourism, oil industry, technical terms ;

Opportunity to develop courses for corporate groups ;

Private lessons opportunities and combination (groups + individual training format)

Terms of tuition and accommodation meet the highest customer requirements.

Our partners include such world leading language schools as London School of English, OISE, Ceran, Berlitz and other

Business skills training

➤ **Areas of business trainings:** management, finance, marketing, strategic development, professional communications (including sales), project and risk management, HR management, personal effectiveness, leadership
